

CMEL New OLED technique Metal encapsulated module (MEM)

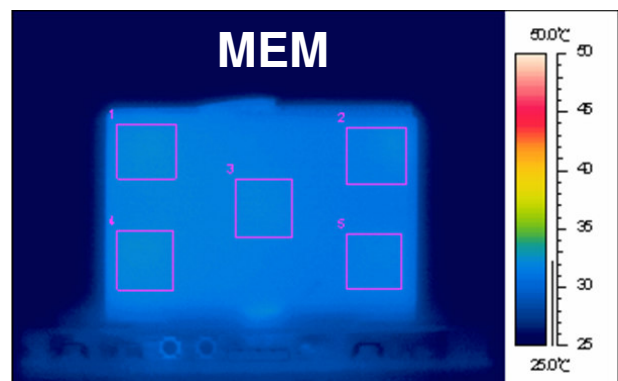

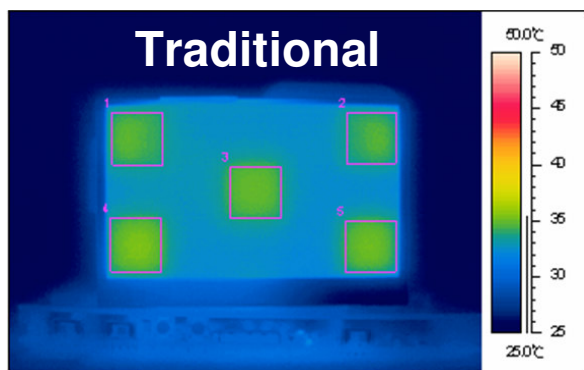

Traditional OLED Module

Metal encapsulated module (MEM)

Benefit	Thinner	Lighter	Stronger	Thermal dissipation
Traditional	1.7 mm	16.3 g (2.8")	Apply to small size	Poor
MEM	0.7 mm (commercial product)	11.6 g (2.8")	Apply to any size	Good

IR Temperature Measurement (5 point white, 30mins)
